PURITY FOR SURETY

HIGH STRENGTH

Stronger than aluminum

HIGH PERFORMANCE

Almost twice the current carrying capacity vs aluminum

HIGH STABILITY

Copper is non-reactive to Water, not susceptible to Oxidation and unaffected by Temperature changes

HIGH DUCTILITY

Can be drawn into very thin wires, easier to solder, very high flexibility, hence easy to install and repair

FAN PLANT

Havells has installed India's most modern and integrated manufacturing plant for fans in the country. Located in Haridwar. Equipped with

state-of-the-art technology including automated CNC machines for motor winding, CNC machines for end covers machining, advanced conveyor assembly lines complete with computerized testing facilities.

The plant has augmented its manufacturing capacity by adding two new units which are further equipped with world-class automated processes. Let the wide range of Havells fans bring in a new change and add value to your lifestyle.

Haridwar, Uttarakhand

QRG TOWER

Head office, Sec. 126, Noida, UP.

ABOUT HAVELLS

Havells India Limited, a leading Fast Moving Electrical Goods (FMEG) company is known for launching top quality and innovative products in India, which are in sync with customer's changing preferences and requirements. Havells has been extremely responsive to the dynamics of the economy and has always broken fresh ground backed by its strong research and development team, raised the bar with contemporary designs, value for money and high quality models.

Over the years, Havells have been a pioneer in the fan category with many "firsts" to its credit. Havells was the First in launching Electroplated Fans, First to introduce Decorative Fans with Metallic Colours (akin to the auto industry) and revolutionized the industry with India's Most Energy Efficient 40 W Ceiling Fan in Induction Motor category and the most 'Silent Ceiling Fan'. Continuing this legacy, Havells is now introducing a new range of Intelligent and Decorative Ceiling Fans with Smart IoT Functionality, energy saving environment friendly fans with Eco-BLDC technology, best-in-class personal & pedestal fan range with world class finish & features.

The new range offers premium designs with sleek style and intelligence to cater to the needs of a modern consumer. who is discerning and demands the best.
